NUMBER 13

COUNTY FAIR SOUGHT FOR CAMERON

AIRPORT SITE USE PROPOSED HERE

A county fair is proposed by the Junior Chamber of Commerce in Cameron and a committee will be named to meet with the City Council to discuss use of the Municipal Airport site.

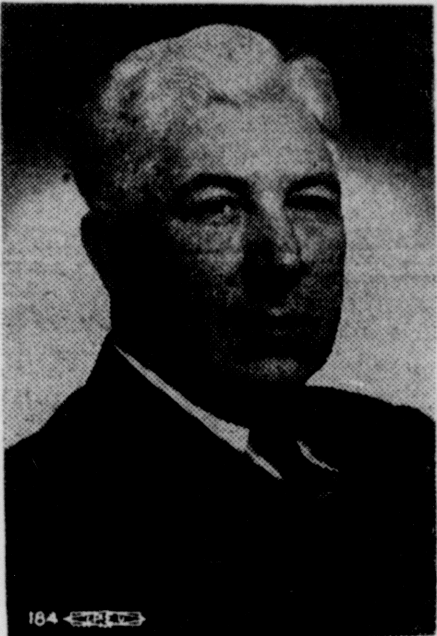

This announcement will be received with enthusiasm and approval by the people of Cameron and over the county. There is and has been for many years a great need for a county fair.

In Cameron many recognize that the airport acreage has not been utilized to the fullest extent and there is plenty of room for fair grounds and the investment made by the city can thus be utilized to great advantage.

The Junior Chamber of Commerce, recently organized, is rapidly becoming the central civic force in Cameron and is moving out in a big way to bring important developments so badly needed in this county.

These and other plans were discussed Monday night in the meeting attended by some 25 young business leaders. They plan to have a delegation attend the bi-regional meeting in Temple July 15 and 16.

The Jaycees will hold their next meeting on July 24 at the Narvie Cafe (turn to page four)

ROBERT S. CALVERT

Robert S. Calvert is a candidate for his first elective term as Comptroller and has many friends in Milam County who are supporting his race. Mr. Calvert succeeded the late George Sheppard and has had many years of experience in the office.

Friends in Cameron were glad to see Thomas Hefley this week who came over to visit with friends in his old home town and to campaign for Mr. Calvert. For the past few years, Mr. Hefley has been employed in the office of the Comptroller. Mrs. Hefley is the former Miss Louise Herrell of Cameron.

CAMERON BATTERY C IN TRAINING SOON

The present international situation, precipitated by the Communist's invasion of the Korean Republic, is serious, and it might lead to World War III if Russia decides that now is the time to attack.

This opinion was expressed by Major General Albert S. Johnson, Commanding General of the 49th Armored Division, in a memorandum titled FOR ALL OF US which was received by the local National Guard unit on Friday.

General Johnson stated, however, it is his personal belief that a major war will not come at this time because of the firm stand taken in Korea by the United States. He expected it to avert or at least postpone such a conflict.

Addressing members of the 49th Armored Division, of which Battery C here is a part, Gen. Johnson wrote: "In this crisis you should be proud that you are helping to keep America strong and this strength will probably save us from war."

The memorandum urged that every effort should be made to recruit units to their full authorized strength at once—also to have full attendance at summer camp at Fort Hood the latter part of this month. Concern (turn to page five)

MORE ROADS FOR MILAM COUNTY

POLITICAL RALLY SLATED FOR JULY 21

CANDIDATES TO SPEAK IN CAMERON JULY 21

A big political rally to close the 1950 primary campaign will be held in Cameron on the night of July 21, it was announced Tuesday by Dr. George Bowman an official in the Junior Chamber of Commerce.

Dr. Bowman said that the Junior Chamber of Commerce will sponsor the political rally and that all candidates will be introduced and have an opportunity to speak.

These political rallies have not been held during recent years and were discontinued during the war. The Democratic Executive Committee voted not to sponsor political speaking this year.

This action by the Jaycees assures renewal of the old custom of closing out the campaign with a giant rally in Cameron.

Candidates generally are divided on these rallies but all will attend and no doubt speak.

Dr. Bowman said that a suitable program would be arranged and the rally will be held on the Court House lawn with further details to be announced.

FLOOD CONTROL IS HIKED \$500,000

Texas Senators Tom Connally and Lyndon B. Johnson informed the Telegram and Central Texas leaders yesterday that the senate appropriations committee has approved an appropriation of \$3,000,000 for the Belton dam project.

The senate committee action increases by \$500,000 the \$2,500,000 figure agreed on by the house of representatives.

Final approval of the appropriation, however, must await further action of both the senate and the house. The Belton dam funds are included in the \$731,546,000 water projects bill reported out yesterday by the senate committee for the fiscal year beginning July 1.

Next the bill must be considered by the full senate, and it is regarded as almost certain that the \$3,000,000 figure for the Belton dam will be approved.

Then the bill will be returned to a joint senate-house conference committee to adjust differences, and here the \$3,000,000 figure will face its toughest test.

Quick action of both houses of congress and the forwarding of the ironed-out version of the bill to President Truman will probably follow after it is reported out of the conference committee.

"We will do our best to get the full amount approved when the bill is considered on the senate floor," Senators Connally and Johnson told the Telegram.

In the senate committee's action yesterday the Belton dam project regained some of the original sum of more than \$5,000,000 recommended by U. S. army engineers.

Earlier this year when the house appropriations committee held a hearing on the water projects bill, a Central Texas delegation headed by Frank W. Mayborn of Temple appeared before it and presented arguments in support of the engineers' recommendation.

In its final action, however, the house group trimmed the Belton dam appropriation to \$2,500,000.

The Cen-Tex delegation also submitted written briefs to the senate committee through Senators Connally and Johnson.

The \$731,546,000 appropriations total OK'd yesterday compares with resident Truman's budget recommendations of \$798,482,000 and with a total of \$599,145,000 voted by the house earlier in the session.

24 Lbs. of Honey Brings \$163 At Auction in Temple

What is believed to be a record price for honey was paid at an auction in Temple this week for 12 two pound jars donated by Frank McLerran of Cameron.

The honey was offered for the auction to raise funds for a community iron lung for the treatment of polio.

Mr. McLerran recently completed the plaster work for the Lawhorn new auction barn in Temple, and to aid the fund for the iron lung, he donated this honey from the apary. The first jar brought \$17 and the total amount paid for 24 lbs. was \$163.00.

This honey, a 2 lb. jar of which was given to the publisher of this newspaper Tuesday, is made from clover blooms, and is perhaps the finest honey ever produced in this area.

Mr. McLerran has been a producer of honey for many years.

NEWSPAPERS TO BE ASKED FOR REPORTS

Cameron newspapers will be requested by the Junior Chamber of Commerce to attend meetings of the city council and other public bodies in order to give the people first hand reports of what is going on.

A spokesman for the Junior Chamber said Tuesday that committee would ask the City Council to invite representatives of the press to be present for their meetings twice a month. Meetings of the City Council have always been open to newspapers, but it is to be admitted that there has been considerable neglect in publishing the facts about the city government.

It was indicated that Cameron newspapers would be glad to resume their fire side positions with the city fathers who struggle from week to week with problems in the municipal field.

The Junior Chamber is planning big things for the city and newspapers will be glad to lend every possible cooperation to bring the happenings to the people.

It is recognized that the people are not always informed because Cameron newspapers have been lazy and indifferent at times in reporting proceedings of both the city and county governments and this newspaper thinks that it is a good idea and is willing to take on any criticism that may result from a frank presentation of what is going on.

F. A. Marek Retires As Vice-President Of Texas R. V. O. S.

Protective Association R. V. O. S. of Texas held a convention in Temple June 26, 27 and 28.

Officers were elected for the next four years as follows, President, J. H. Hurta of Houston; Vice President, Frank Cerveny of Munday; Treasurer, John Hanacek of Temple; Secretary Jos. Slavik of Temple, Auditor, Anton Stiborik of Taylor and George E. Kacir of West, Texas.

Directors: Chas Navratil of Temple, Frank Laznovsky of Ennis, C. M. Janda of La Grange, Steve Makry of Corpus Christi, Chas Nemecek of Blessing.

F. A. Marek, local business man resigned as Vice President and Frank Cerveny of Munday was elected unanimously.

Mr. Marek has been a member of the R. V. O. S. for 29 years. He served 12 years as Director and 17 years as Vice President. Mr. Marek is very proud of his record with the R. V. O. S. the largest in the State.

Mr. and Mrs. Alex Triggs visited relatives in Dallas the past week end.

CHARLES M. HICKS ASKING RE-ELECTION

Charles M. Hicks, County Superintendent of Public Schools, is a candidate for re-election subject to the Democratic primary to be held on Saturday, July 22.

Early this year, based on his record of excellent service to the educational system in the county, Mr. Hicks announced that he would seek another term and his formal announcement would appear at a later date.

Mr. Hicks was appointed county superintendent by the Commissioner's Court and took office on March 1, 1942. The war came on and Mr. Hicks faced many problems both as to operation of school busses and teacher shortage, but was able through his knowledge and ability to give the school system a high standard of excellence during these critical times.

Among the developments during these and succeeding years, has been the consolidation of rural schools and the re-grouping of many areas throughout the state. During this period of transition, Mr. Hicks, with characteristic energy and ability, worked with school officials and served his county, always keeping in mind the welfare of the boys and girls, and while he, like all other citizens, feels keenly the loss to any community of its public school, he nevertheless has recognized, along with others, the need to modernize and to meet conditions as they exist.

During his 8 years as superintendent, Mr. Hicks, as well as his many friends and supporters, is proud of his record. Much has been accomplished. Every white boy and girl in Milam County now has the opportunity (turn to page four)

FAIR TRIAL ASKED FOR METER SYSTEM

Parking meters are being installed in the uptown section of the city.

The City Council voted to authorize installation of 125 double acting meters creating paid parking space for 250 cars.

These meters are being installed by the Twin Sales Company of Texas and Milton Schiller, progressive member of the Council and president of the Jaycees, said the meters are being put in on trial basis and if they do not prove profitable and do not answer the urgent need for improvements in the use of parking space in the congested business area, the council would consider action to discontinue the use of meters.

Like all communities trying out a new thing for the first time there will be some who will not like the idea of a parking meter system. It must be given a fair trial because the meter system contemplates two major services in handling automobile traffic.

They are to correct the abuse of space hogging by street squatters who utilize parking space throughout the day and half the night making it impossible for farmers and others trying to get into the Cameron stores to find parking space at convenient locations through the business area. The second service is that of revenue.

It must be considered that any city situated as is Cameron with its business confined to a limited area that traffic would eventually if not already have the effect of stifling commerce. It should also be kept in mind that the city of Cameron is faced with a problem that is both acute and hard to solve. Automobile traffic unregulated is the plague of every city and every merchant in the country.

The parking meter system can not be given a fair trial in Cameron (turn to page eight)

Rat Plague Looks Ominous Here; They Chew Press Roller

Will Cameron have another plague of rats—four legged that is?

The city council some years ago enacted an ordinance requiring all business houses to be rat proofed. Like all other laws it was never enforced although a good number of property owners did comply with the law.

The "rugged individuals" who do not conform to any sort of regulation, sanitary or otherwise and who resisted the age of plumbing as well as extermination of rats, have more or less nullified the good effect of the sanitary and economic benefits of killing off these awful rodents.

The latest evidence of devastation wrought by the four legged citizens was the chewing up of a distribution roller on an automatic press at the Herald Plant. Whether these rats got tired of their surroundings in the flour and sugar bins in grocery stores that are not rat proofed and came over to the Herald Plant for a change of diet, is not known.

The Herald Building is one of a number in the city not proofed.

The damage to the roller on the press was heavy. How long will it be before rats attack our civic leaders?

Bigbee Says Statement Money Borrowed Was About Precinct No. 2

W. D. Bigbee, candidate for Commissioner Precinct No. 2, requested publication of a statement he made at the Walkers Creek rally about the financial condition of the precinct.

Mr. Bigbee said that his statement about borrowing money was made with reference to precinct No. 2 only and did not include any of the other precincts or the county at large.

Mr. Bigbee said that Commissioner of Precinct No. 2 had borrowed \$8,000 in 1948 and \$8,000 in 1950.

Maj. L. W. Raley Ordered To Korean Battle Front

Major L. W. Raley, United States Army Chaplain in Japan has been ordered to the war front in Korea.

Mrs. Raley who is the former Alice Fanning of Cameron received a cablegram from her husband early Monday now stationed in Osaka, Japan, stating that he had been ordered to the battlefield.

Mrs. Raley and their three children, Virginia Sue, Le Roy and Leon have been living in Cameron with her parents, Mr. and Mrs. W. M. Fanning since Major Raley assumed his duties in May with the army in Japan.

Chaplain Raley is a veteran with twenty-five months service overseas. He is a Baptist minister and was wounded in the fighting in Italy during World War II. He also served in Sicily, France and Belgium.

METERS READY TO OPERATE HERE SOON

Cameron's parking meter system will be in operation by next week, it was announced by W. H. Stafford, city secretary.

Already where meter boxes have been installed car owners were dropping coins but the system is not yet in operation.

Complaint over the parking meters was confined largely to space hoggers and those who never owned an automobile in their lives.

One man reported that he walked up and down the streets to find that about 75 per cent of all space is being taken up by cars belonging (turn to page eight)

OLD TRACY ROAD TO GET IMPROVEMENT

A \$60,000.00 construction job on the old Tracy road, long neglected portion of road district No. 2, has been authorized by the State Highway department.

Judge Dan Thson is in receipt of a letter from the Department written by G. M. Garrett, deputy engineer, including copy of Minute authorizing the job. The distance will be approximately seven miles starting from highway 190 in Cameron and running to the river. No funds are available at this time for construction of a new bridge to replace the old Holdzclaw bridge.

Funds for this construction in the amount of \$48,000.00 will be available from road district No. 2, an accumulation. After the legislature passed the bond assumption law some years ago, one-fourth of the cost of the road will be paid by the Highway (turn to page eight)

Draft Boards Will Not Be Increased

Draft Boards in Texas will not be increased at this time it was said here at a meeting of the board held Sunday afternoon.

When the Government called for 600,000 men it was said by the Selective Service System that new boards would be created. Volunteers for active military duty are being called for but actual drafting will not be resorted to at this time.

The Board Sunday afternoon took steps to classifying registrants and make them available in the order in which they will be called up.

The Board is as follows: F. G. Blake of Hearne, Chairman; August Kunz, Co-Chairman; G. C. York, Secretary and Mrs. James Brock, Clerk.

Horses On Highway Cause Car Wreck

Horses on the highway near Gause Saturday night caused the wreck of an automobile resulting in slight injuries to its occupants.

Sheriff Carl Black had to kill a horse that was too badly injured when struck by the car. C. H. West and family of New Braunfels were on their way home from a visit in East, Texas when the accident occurred.

It is a violation of the law for livestock to run loose on the highways. The automobile of Mr. and Mrs. West was badly damaged.

MILK PRODUCTION ENCOURAGED IN COUNTY

Milk production is due for an increase here beginning August 1 under the stimulus of a new route and a new grade of milk.

The Borden Company, through the South Texas Milk Producers Association is opening up a market for grade A milk and the Dairy Committee of the Chamber of Commerce is organizing producers and already six farmers have agreed to produce grade A milk.

Sam White, chairman of the dairy committee, said a representative of the Borden Company was in Cameron Thursday to confer with the committee on progress being made with the new route.

Milk production in this area was begun some months ago with the establishment of grade B route and while no figures are available on the amount now being produced, prospects are that farmers may soon realize a considerable income from this source.

No county or community can succeed with milk production unless the well financed. Even under the best circumstances years are required to establish dairying as a major farming engagement.

Effort is thoroughly organized and moving from the one crop system to diversified farming is a slow process (turn to page four)

Cameron Future Home Maker Attends National Convention, Kansas City, Mo.; Sees American Girls In Inspiring Effort

BY EDITH BALDRIDGE

I would have hardly believed it if someone had told me that by 3:30 I would be on my way to Kansas City, Missouri! But at 3:30 p. m. Monday, June 28, I found myself in the car on my way to Temple MKT Station where I boarded the train at 5 p. m. and began an educational trip.

The train chugged into big Union Station Tuesday morning at 9:00 and Mrs. Sutherland and I rode the taxi to Hotel Senator. The afternoon was spent in sight-seeing in the downtown district. At 7:30 we entered Hotel Continental where we were joined by many, many other FHEA's who had come to the convention from all over the U. S. A. The Tennessee delegation led the group in games that gave opportunity for everyone to become acquainted.

The convention started with a grand send-off in majestic Municipal Auditorium of Kansas City Wednesday morning with Donna Winegardner, National Vice-President, Iowa, presiding. Mabel Howard, Missouri, welcomed all members to the convention, after which the roll call of the states was read. Texas, of course, boasted the largest delegation. Musical selec-

tions spotlighted "Song of India" saxophone solo by Clara Paterson, and "Moonlight Sonata," a flute solo by Patricia Johnson, Utah. Mary Hart, National adviser, told the plans which made the convention possible and Betty Etheridge, National President, Arkansas, told of "Our contributions to the Homes of Today and Tomorrow" in which she set up an ideal "Jones" family which Future Homemakers should follow. The first session of the second national convention was adjourned with the creed chant.

After lunch, we again assembled in the Auditorium where Betty Etheridge presided over the Southern Sub-Regional A Meeting with Texas, Arkansas, Louisiana, and Oklahoma represented. Main item of business was election of a national vice president for the coming year. After introduction of the candidates, they formed a panel discussing ways of "Publicizing FHEA" so that voting delegates could view the candidates in action. The meeting proceeded with the outlining of the program of work and national projects of FHEA for 1950-51 and the singing of each state's original FHEA song. Kathleen Guilbeau, Louisiana, was elected Vice President. She showed the pet bunny without which she modestly said she could not have won the election.

7:30 found us once more in the basement of the auditorium for play night. It was thrilling to play with and meet girls from all over the U. S. A.

The second session convened at 9:00 on Thursday morning in the auditorium with Betty Faust, National President, Florida, presiding. Theme of the program was "International Good Will" in keeping with the fifth purpose of FHEA. The program featured talks by Joan Smith, England, Nelson Rodriguez, Puerto Rico, Miss Daviroshmi Shanagon, Siam, and 2 German students. Music also played an important part in conveying messages from other lands. Engancia Cordova honored the convention with a Mexican dance, Margaret Meehan, Kentucky with an oriental piano selection, and Sheran Brown, Kentucky with a solo, "My Japanese Lady." As we listened to each talk, the thought that individuals of these foreign countries desired peace was stamped in our consciences. Each discussion informed us of "Home Life Around the World."

After these inspiring messages in words, music, and song, a conversation group told the girls how to become better "Future Homemakers in the Homes of America." The singing of "A Song of Peace" concluded the program.

Group meetings began with a mixer in the afternoon. Texas delegates told our group by skit how "Future Homemakers grow step by step," referring to the junior, chapter, state, and American degrees of achievement which are awarded to girls attaining goals which they have set for

The Cameron Herald July 13, 1950

themselves. The meeting concluded with the creed chant.

Parade of Regions was performed at 7:30 P. M. Each pageant of color, song, fun, and fact was originated by the respective regions. "Flags and Firecrackers," Southern Region, presented a riot of flashy color; A country family of fourteen went to the "Central County Fair"—you can imagine what happened. "Family Recreation by the dozen," Pacific Region, characterized the typical large American family and retained family characteristics in "Cheaper by the dozen;" "Northern Star" presented the northern states in their glory while the stage was shrouded in blue light.

The president directed the annual business session of the convention on Friday morning. Reports of FHEA national projects, public relations, recreation, membership, finance, history, and program of work were given for approval before the convention. The president reported on her year's work, Mary Ann Neff, New

York, told of FHEA's participation in plans for mid century white house conference, and Joan Thompson, Virginia, reported on the fifth Conference on Citizenship at Washington. The revised constitution and by-laws of FHEA was ratified. Meeting was adjourned by President.

We boarded the train at Union Station at 9:40 P. M. Friday night, and after an eventful journey on the train in which I almost got transferred to another train by mistake, we arrived in Cameron at 4:00 Saturday.

It has been a marvelous experience. No one could possibly have such an experience and feel that he had not profited. I discovered that girls from the north whom I had looked upon somewhat in awe and a little suspicious were almost as friendly as "us

southerners." Strangely, I was not completely overwhelmed by their dietion. I came to realize more fully that I am not only a Texan, but an American, and the meeting has helped me to become a better one. In one meeting, one might find herself seated with a girl from Connecticut on the right and a girl from North Dakota on the left. The thrill is indescribable to know that all 2,000 indi-

viduals met with one accord for the accomplishment of a common purpose.

Mr. and Mrs. Bartow Jackson and son, Thomas have returned from a visit in Oklahoma. They also visited relatives in Dallas and Fort Worth.

Selective Service Registrants For Month of June

Local Draft Board No. 92, Selective Service System, reports the following registrants during the month of June: Frederick Green, Elmo Mannors, Jessie Willie Wilson, Frank Reyes Garcia, Sederick Green, Charles Eugene Hensel, Billy Joe Stracener, Ray Stobener, Thomas Felix Gilleland, Nook Henson, Jr., James Wilson Burns, Harvey Locklin, and Carnell VanVeran Mitchell.

All young men between the ages of 18 and 26 are required to register either at the local Board Office in the City Hall between the hours of 8:45 and 12:00 noon Monday through Friday or with the local registrants who are as follows: Lon M. Peeples, Milano; Norman Clement, Thorndale; G. C. York, Rockdale; John P. O'Neill, Burlington; Floyd Stark, Buckholts; Ed Gunn, Cameron.

F. G. Blake, chairman of the local board No. 92, urges that all young men bear in mind that the law requiring them to register for the draft immediately upon attaining the age of 18 years although they will not be subject for draft under the present new law until they have attained the age of 19 years. All men, immediately upon being released from the service, provided they are under 26 years of age, are required to register with the local board.

Due to the lack of publicity near the end of the expiration of the 1948 Act, some young men between the ages of 18 and 26 may have failed to register with their local board, but are now urged to appear at the Local Board Office for registration under the present law extended until July 1951.

NEW U. S. FORCES LANDING IN KOREA

The picture in Korea became more grave Saturday despite the increased number of American soldiers being moved up in the fighting lines.

Air forces of the United States, England, and Australia had driven Red air craft out of the skies over Southern Korea, and on Friday no opposition was encountered in 134 sorties, and no enemy air craft had been seen south of the front lines in the past two days.

American soldiers and ground troops of Southern Korea have been taking a beating because they were not well armed nor in sufficient force to compete with the invaders. This situation seemed to be changing rapidly Saturday, although no one believes that the Korean war can now be won in a few days.

Thousands of American fighting men with tanks and artillery were moving up and getting set for a counter-offensive designed to drive the Reds back across the 38th parallel.

During the early stages of the fighting in Korea, United Nations forces were badly defeated and had neither numbers nor sufficient equipment. General Douglas MacArthur has just been made supreme commander by the United Nations and is going after the Reds on a major scale.

The United States is calling up at once 600,000 men between the ages of 18 and 25 for training and units of the army and the Marine Corp already equipped and trained will be moving to the Far East.

Both political and military leaders in this country now agree that the danger of a major conflict is much greater, and although the Korean incident may be localized, it has all of the possibilities of a third World war due to the continued aggressive tactics of the Reds and mobilization of the armed forces of Russia.

Miss Margaret Horstmann of Sar Marcos State Teachers College, visited her parents, Mr. and Mrs. O. B. Horstmann over the week end.

Mrs. Dan Thweatt and son, Finnas Thweatt were in Rosebud on business the past Wednesday.

John C. White For Commissioner of Agriculture Here

John C. White of Wichita Falls, candidate for Commissioner of Agriculture, was in Cameron Saturday morning visiting with friends and talking to voters about his race.

Mr. White says a run-off in the race is certain, and he feels that he will oppose another candidate in the August primary.

Mr. White is a Texas A & M man

The Cameron Herald July 13, 1950

and also a graduate of Texas Tech at Lubbock where he got his BS degree in Agriculture. During the past few years, in addition to being a dirt farmer, he has devoted his energy to education, primarily interested in vocational agricultural schools for veterans.

Mrs. P. A. Corkern, wife of Rev. P. A. Corkern of First Baptist Church is a visitor in Louisiana.

Giles Burnett Is Thrown From Horse Is In Hospital

Giles Burnett of Marlow who was recently injured when thrown from a horse is resting well in Newton Memorial Hospital.

Mr. Burnett was herding cattle on his farm east of Little River when he was thrown from his horse and suffered painful injuries.

His many friends will be glad to know he shows some improvement.

AIRPORT SITE—

(Continued from page one)

perton lake east of the city, and they will have a supper and elect officers for the coming year.

The rapid decline of rural populations throughout Texas has brought civic leaders and business men face to face with a problem that can only be solved by inducing more intensified land use. The county fair has long been recognized as one of the best promotional enterprises for the development of live stock and agriculture.

Milam County has neglected agriculture to an extent that has been disastrous in many ways. Although the county at one time had 5500 farms in operation, it has now become in large measure a mechanized agriculture area with live stock the major engagement.

If the young businessmen in Cameron are successful in such an enterprise, they will find plenty of financial backing because the fair will be an annual event for this city and county and will bring many thousands and the benefits will be incalculable.

Milton Schiller, president of the Junior Chamber of Commerce, said

early Tuesday that the committee will discuss with the city council the plans for utilizing the 100 acres of land on Highway 77 purchased some years ago at a cost of \$25,000. at the time an aviation program was visualized but as was pointed out, the acreage was not large enough to make any appreciable show of aviation development. In the main, the site has been used by local owners of small craft.

Use of a portion of the acreage for fair grounds would increase, rather than diminish the importance of this site as a Municipal airport.

MILK PRODUCTION—

(Continued from page one)

cess but this area is one of the best in the state for the production of milk but there are no cows in the county in sufficient numbers and quality to sustain any considerable effort in this direction.

Farmers are now being paid \$2.90 per 80 pound cans for grade B milk but under the grade A system they will be paid \$5.60 per can. A farm producing grade A milk is required to meet higher standards with their equipment than the grade B producers.

Mr. White said that the new route is due to open by August 1 although only six producers have signified that they will produce grade A milk. It was not known how many cows these six producers will have in production at that time.

Others are urged to produce grade A milk and all who are interested should contact Mr. White.

It was generally agreed an opportunity is open to finance a large scale dairy program in Milam County. Are our civic leaders aware that unless something is done we may have only about 10,000 people left in the county in 1960?

CHARLIE HICKS—

(Continued from page one)

nity of attending a fully accredited high school. In addition, 8 new schools for negro children have been built. Every school that operates a lunch room has a modern kitchen with good equipment. Mr. Hicks, as distributor for 11 counties for surplus foods, has distributed 45 separate shipments to Milam County Schools during the past year in addition to foods for other schools in other counties.

Mr. Hicks in 1936 set up a county vocational school for veterans. He served for 2 years as head of this system without pay. The salary he could have received and which was authorized by law was turned back by Mr. Hicks and was used to build buildings and to buy equipment for these schools. We now have buildings and classes in operation at Sharp, Buckholts, Thorndale, Milano, Rockdale, and Cameron.

In recognition of his ability, Mr. Hicks has just been elected President of the County Superintendents and Supervisors Association of Texas, and his friends point out his leadership and experience in public education is bringing to him wide recognition throughout the state. Mr. Hicks is

now serving his second term in the office and in asking for another term, is highly pleased to have so many people commend him for his good service to the cause of education.

In the remaining days of the campaign, he plans to see as many voters as possible, and although he has made an active canvass, if there be any he has not seen, he takes this means of asking for their vote and support. He is deeply grateful to his friends and supporters and for the pledges that have come to him in his race for re-election.

San Gabriel Party

The Circle of San Gabriel Christian Church will sponsor an ice cream supper Saturday, July 15 on the school grounds.

Everyone is invited to attend. Candidates will be given a chance to speak.

There will be plenty ice cream and cake.

A millionaire told me this...

THERE AREN'T many millionaires left today, I guess.

But my dad went to college with a man who is now a millionaire. Dad took me to lunch with this man a year ago—let's call him Murray Goodwin.

While they were lighting up their cigars, Dad asked Mr. Goodwin if he had any good advice for a youngster like me. The millionaire looked at me thoughtfully.

"I've got some good advice for any man

who's working on a salary today. In fact, you'll never hear better!

"Always remember," said Mr. Goodwin, tapping the table, "that the only money you'll ever have is the money you're saving right now! Saving part of each pay check is the ONLY way to save!

"And the BEST way to do it is to buy U. S. Savings Bonds through your company's Payroll Savings Plan! These Bonds are the safest, wisest investment you can make.

They're backed by the U. S. Government.

"And," concluded Mr. Goodwin, knocking the ash off his cigar, "U. S. Savings Bonds return \$4 for every \$3 invested—ten years later!

"This kind of saving is automatic, painless. You never feel it. Try it!"

I went on my firm's Payroll Savings Plan the very next day. And everything the millionaire said about it is true!

Automatic saving is sure saving— U. S. Savings Bonds

Mr. and Mrs. George Rankin of Cameron visited in the home of her daughter, Mrs. R. P. Cummings in Gatesville over the week end.

Mr. and Mrs. Herman Polzer and Mr. and Mrs. M. E. Michalka visited in Schulenburg recently.

Miss Christine Michalka, student nurse at St. Joseph Infirmary in Houston is spending a months vacation in Cameron visiting her parents and other relatives.

CAMERON BATTERY—

(continued from page one)

ing enlistments, Gen. Johnson said: "Parents should not object to their sons joining the National Guard at this time. If total war comes, with America as Target No. 1, all young men will be drafted immediately. In the Guard their sons will serve alongside their hometown friends; where, if drafted, they might immediately be sent across the country. Also, present training in the National Guard will make them more efficient and better qualified for promotion to positions of leadership."

Battery C has a number of vacancies at this time. Any young man interested in joining the Guard should contact M-Sgt. William S. (Shirley) McLean at the Armory any time before July 15th when the unit leaves for two weeks of summer camp.

Music for the first six Baptist Hour broadcasts of the summer series will be furnished by a group of singers from Baylor University, Waco, Twenty-one students from the Texas School will participate in these programs.

Sunday guests of Mrs. Minnie McFarland were her daughters Mrs. E. R. Hearne, son and daughter of Caldwell and Mrs. Grady Goodwin, daughter, Melvena and son of Bryan.

Mr. and Mrs. Wesley Pratt and son Larry are visiting Mr. and Mrs. Fritz Sump in Giddings this week.

Mr. and Mrs. O. L. Hairgrove and Mr. and Mrs. Ernest Elliott were in Milano Thursday on business.

REDS SAY THEY WILL ATTACK IN FORMOSA

The Korean war picture was black Friday as American and South Korean armed forces were on the run and being pressed so badly they had not been able to take up new defensive positions.

In addition to this discouraging situation the Communists Government of China served notice on the United States and other world powers that they intend to attack Formosa.

Red Russia, credited with operation of Mongolian armies in the Far East, was moving closer hour by hour to armed intervention to assist communist armies and war in the Far East and Europe seemed nearer Friday than at anytime since Korean fighting broke out.

North Koreans were throwing new forces into the battle and the American "Police Force," outnumbered a thousand to one, had lost their nigger shooter and sling shots and the South Koreans had lost their stink balls.

American troops were thrown into battle under desperate conditions and although badly outnumbered had made a good stand at an advanced position but were forced to retire when they ran out of ammunition. Thus it was demonstrated that the United States was again involved in a war with the short stick.

So far no American ground forces have been landed in Formosa but units of the Navy have already taken up positions in defense of the Island.

Conflicting reports were coming out of Korea, one of them early Friday said that a Red Army spearhead led by tanks was approaching Pusan on the southern tip of Korea. The Reds swept down the east coast, said the report, and were approaching the port where all United States troops and their equipment were being landed.

On the whole the situation is bad and it appeared that unless quick action were taken with a major fighting force the United Nations would be

run out of Korea.

General Douglas MacArthur, Far Eastern Commander, said early Friday that the communist forces were being handled with great skill but the situation is not alarming. In Washington there was considerable activity behind the political curtain. At the Pentagon the swivel chair soldiers were viewing with alarm far eastern developments.

Industrial organizations for war was being urged in many quarters. It was pointed out that \$500 million had been earmarked for Korea but actually only about \$500,000 had been spent to arm the South Korean Government.

Military leaders now realize that they face a major struggle instead of what they first called police action and a long and bloody war is in prospect.

Clarkson H. D. Club Meeting June 22; They Read 125 Books

Clarkson Home Demonstration Club met at the home of Mrs. Chester Rogers Thursday, June 22, with eleven members answering roll call. Mrs. Bill Stafford of Houston, daughter of the hostess was a guest.

Mrs. Emil Skupin, President, presided, and Mrs. John Matyastik acted as Secretary for the day, in the absence of the Club Secretary.

Mrs. Rogers, Chairman of the Education Committee presented stars for the reading course. Merit certificates were given Mesdames Joe Lackey, Emil Skupin, and John Matyastik for reading the largest number of books. A total of 125 books had been read during the reading course. Mrs. John Matyastik was named from the club to be among the names to be voted on in Council Monday, June 26, as Milam County Texas Home Demonstration Association Chairman for 1950.

Members of the Club entertained their husbands and families with a weiner roast Thursday night, June 29 on the lawn of the Matyastik home.

Joan Ethridge, daughter of Mrs. Jora Ethridge is ill in the Newton Memorial Hospital.

Guests of Mr. and Mrs. J. T. Krull for the July 4th holidays were Mr. and Mrs. H. J. Schattle, Jr. and family, Mr. and Mrs. August Hertenberger and Mrs. Annie Reineke and Herman.

Reggie Williams and Joseph B. Richmond of Virginia have returned from a pleasant vacation in Cameron visiting friends.

Mr. and Mrs. Joe R. Walzel of Austin and Sgt. and Mrs. Gerald Schattle and son, James Vernon of Houston were week end guests of Mr. and Mrs. J. T. Krull.

A. K. Fisher of Dallas is visiting his brother, W. O. Fisher here this week.

The Cameron Herald July 13, 1950

Ezzell Family Holds Reunion Sunday July 2

Reunion for the family of Mr. and Mrs. W. H. Ezzell, former resident of Buckholts, was held at the home of L. N. Ezzell, Edgeworth, on Sunday, July 2.

All eleven children of Mr. and Mrs. Ezzell were present for the family reunion, Grandchildren, great-grandchildren, and other relatives were present to make a total which exceeded fifty. It has been 30 years since the children had all been together with their parents, therefore, it was a very happy occasion.

A picnic lunch was spread at noon under the shade trees.

Mr. and Mrs. Ezzell have been residents in Buckholts for many years, where he farmed until about 30 years ago, when he entered the grocery and beef business in Buckholts until he retired from active work a few years ago.

Their children are Mrs. J. M. Mitchell and Mrs. Cecil Criswell of Buckholts, Mrs. Ethel Sterling of Temple, Mrs. S. A. Cline of Austin, Mrs. Minnie Bryant of Freeport, Mrs. Harold Brass of Montgomery Park, California, L. N. Ezzell of Edgeworth, Joe W. Edgeworth of El Paso, and W. F. Ezzell of San Bernardo, California.

Mrs. Otto Zotz of Cameron is a patient in the Newton Memorial Hospital.

You can expect more from an **Electric Range..**

because it has more to offer you

An electric range ... with its many convenient features ... will give you a new outlook on meal-making! You'll discover how easy it is to get (and depend on) delicious cookbook results! You'll spend less time in the kitchen ... have more leisure time. Yes, like so many other smart, modern women today, you'll say ... electric cooking is the kind of cooking you want. Here are ten good reasons why:

- 1 CONTROLLED HEAT: Accurate temperature control ... cuts on and off automatically.
- 2 CLEAN ... doesn't smoke your pots and pans.
- 3 COOL ... cooking heat goes directly into the vessel.
- 4 SAFE ... safe as your electric lights.
- 5 ECONOMICAL ... actually saves you money ... a very small amount of food shrinkage because it's draftless cooking.
- 6 HEALTHFUL ... retains the nutritious minerals and vitamins in the food.
- 7 FAST ... a turn of the switch and the high-speed cooking units are ready for use.
- 8 TIME AND LABOR SAVING ... cooks a complete meal at one time ... allows you to perform other household duties without interruptions.
- 9 DEPENDABLE ... an ample supply of low-cost electricity always ready at the flip of a switch.

Miss Ann Schiller has returned from an enjoyable two weeks vacation in St. Louis, Missouri. She made the trip with Mrs. Francis Davis and daughter, Juanita, of Austin. While in Missouri they visited in the home of Miss Schiller's aunt and other relatives and friends.

Misses Virginia Brown and Sammie Dell Markham left Wednesday to attend Durham's Business College in Austin. Both were honor graduates of Yoe High School in May. Virginia is the daughter of Mr. and Mrs. Henry Brown of Cameron and Sammie Dell is the daughter of Mrs. Florence Markham of Cameron. Their friends wish them every success in their work.

HOW LUCKY CAN YOU GET?

WELL, YOU MIGHT find a gold mine, providing you know where to look. Maybe you'll inherit a fortune from a rich uncle, if you've got a rich uncle.

But, in the final analysis, it's usually the guy who looks ahead, who plans and works and saves for the future, that ends up with all the marbles.

Here, as in no other country in the world, you've got a chance to do just that. Experts predict that during the next ten years this country will experience the greatest economic boom in its history and . . .

There's no time like the present for you to start salting a little something away—each month—in U. S. SAVINGS BONDS!

Backed to the hilt by Uncle Sam, Bonds pay you 4 dollars for every 3 dollars invested. At the same time, Savings Bonds are one of the safest, surest places to invest your money.

And here's the pay-off! Savings Bonds can be purchased under either of two entirely automatic plans. Signing up for either plan makes saving, for you, a positive certainty!

Automatic saving is sure saving U.S. SAVINGS BONDS

Rotary Club Here Installs Officers

Cameron Rotary Club began the new fiscal year Wednesday by installing new officers.

Bill Burns, who was elected president earlier in the year, has succeeded L. W. Smith as president of the club and Richard Moseley was installed as secretary to succeed Milton Schiller.

The club has been making good progress and the new year begins with plans to make Rotary a greater force in the community for civic betterment.

Mr. Burns will soon submit a list of appointments whereby the work of the club will be organized for the coming year.

FAIR TRIAL—

(continued from page one)

unless there is a vigorous step up of enforcement.

The city recently employed a traffic cop and two of these officers are now wearing uniforms to make traffic regulations legal. Unless car owners observe the law that requires deposit of a coin for a specific parking time then it becomes the duty of the traffic police to file charges or otherwise require the payment of the parking fee.

In many places car owners ignore the parking meters and they have not been successful. It is a notorious fact that Cameron has the worst system for handling traffic of any city in the country. If you don't believe it go up and down the street and see how cars are parked. More than one-third of the parking space in the mercantile area is lost because cars are improperly parked, one of them taking up space where two could be parked. Under the meter system this cannot happen unless traffic officers look the other way.

It may be well to say that no one actually welcomes a situation that requires him to pay for the privilege of parking but the idea of parking meters cannot be disposed of by one argument or a series of belly aches.

We will go forward or we will continue to sit here on the ant hill and increase our population only about 250 in the next ten years. Remember that in this modern day people come to a town when they can find a place to park even though they have to pay for it.

One of the current evils of Cameron traffic system is street visiting. Mrs. So and So stops in the street and engages another Mrs. So and So in a conversation all about the Canasta game the night before and traffic is held up at intervals as much as 30 minutes at a time.

Officers who say they do not want to make folks mad, of course just look the other way and Cameron keeps on with an intolerable handling of our acute traffic problems.

METERS READY—

(Continued from page one)

to the boss and employees. Farmers who want to patronize the stores were having to park out at the airport and walk in.

The canasta bunch was still cluttering up the streets and traffic men were getting a little nervous. Cameron has had such a bad system of handling traffic for so long that any mention of a plan to improve it is regarded as an attack on the constitution.

In the meantime some of our civic leaders were installing alemitte cups on their knee joints to keep up with the new sweep of progress which has left some of the old settlers in a state of panic.

In the meantime a member of the city council said that the parking meter system will be enforced and everybody will be required to deposit a coin.

Dr. and Mrs. Bruce Sanders and baby of Paris, Texas and Mrs. Sader's parents, Mr. and Mrs. Ed Jeckot of hiladelphia, Penn. were recent guests in the home of Mr. and Mrs. Jim Laird this week.

CAMPAIGN INTEREST AT LOW EBB HERE

Voters in Milam County were manifesting only a nominal interest in the coming July primary.

Ballots were being delivered to the office of County Clerk and absentee voting was in progress. Up to noon Thursday only 11 absentee voters had been cast although a number of ballots had been mailed out.

Loss of population in the rural sec-vote. Pall tax payments in 1950 were tions of the county forecasts a light far below the average for political years.

There is a general apathy throughout the state and politicians were expressing alarm but the people seemed to be going about their business and to a large extent ignoring "the state saving campaign" so typical each two years. Nobody seemed agitated except those who feel the future of Texas will depend upon their election.

In the county interest was a little higher because of local races. There are 47 voting boxes in the county. The major competition is in races for cossissioner, the only one escaping opposition being C. S. Raney of Buckholts.

The contested County races are for Clerk and Superintendent. Two Rockdale men are running for representative but this race was generating no steam.

The Democratic Executive Committee again this year declined to officially sponsor a public speaking tour but some of the communities are going ahead and arranging for candidate speaking. This type of campaigning may be expected to increase during the next two weeks.

OLD TRACY ROAD—

(continued from page one)

way Department. The road district will provide all necessary right-of-way.

Late in 1949 Commissioner W. W. Markham went to Austin as head of a delegation of citizens in the road district and secured a designation on this road before the expiration date on such expenditures out of the accumulated bond assumption law funds.

Mr. Markham thus had available the money already in the fund and was successful in inducing the Highway Department to share in the cost of this road bringing the total ex-

penditure to approximately \$60,000.00 or almost \$10,000.00 per mile.

The road from Cameron to the river through the Salem Community will accomodate traffic from an important portion of the trade territory. The State calls for a dustless two-lane surface road and will assume all responsibility for the main tenance of this road.

Mr. Garrett in his letter calls attention to the readiness of the department to proceed at once with plans as soon as the county has complied with all requirements.

The money available for this job is in the sinking fund in road district No. 2 and is not a refund from the state but an accumulation paid by the tax payers and car only be used in Road District No. 2.

It was not known whether additional right of way would be required and will not be known until plans are made by engineers for the department and formal requisition is made to the county.

Student Transfers Due By August 1

Transfer of school children under the law must be made before August 1.

Notice to parents has been issued from the office of Chas. M. Hicks, County Superintendent. All children who will attend school outside their own home district must transfer.

It is necessary to transfer each year even though the grade is not taught in the home district. Transfers may be made at the office of County Superintendent.

Mrs. Marvin Wilson and son, Elray, Bob White and Miss Jo Ann Bayer all of Beaumont visited relatives in Cameron Saturday night enroute to their home after an enjoyable vacation in several places in Texas.

L. VAN PERKINS

Mr. and Mrs. Edgar Ditto left recently for a visit with their daughter in Nebraska.

Ernest Thweatt who has been ill and in St. Edward Hospital has returned to his home and is reported improving nicely.

Bonnie Gill has returned from a visit to Fort Hood where she spent several days with her aunt.

Mrs. Grady Goodwin and son and daughter of Bryan visited Minnie MacFarland recently.

AIR ATTACK BLUNTS RED ARMY ADANCE

The war picture in Korea was a little brighter Monday because of heavy concentrations of air power and around the clock bombing of Communist columns and supply lines.

A battalion of United States Infantry cut off and surrounded by a northern Korean column had fought its way out of the trap and rejoined the main body of American troops.

The red army had been stopped temporarily although it had penetrated deeply into southern Korea. It was said at General Douglas MacArthur's Headquarters that American bombs had destroyed about 45 tanks and wiped out communication lines and it was believed that the Reds were having trouble getting gasoline.

The gravity of the situation was being reflected in the alerting of fighting units of the Army and the Navy, including the famous Second Infantry Division stationed on the west coast.

A few Cameron men occupying technical positions in the Reserve Corp of the Army and Navy have been ordered to report for duty.

It appeared at noon Monday that American forces are being sent to Korea in sufficient numbers to cope with the situation. Major battles are shaping up and the end of humiliation may come at anytime now that American fighting men and equipment are reaching the battle area.

No one expected the Communists to quit fighting as long as they have the advantage. Ultimately it did not appear that the fight in Korea would be lost unless Russia throws her military might into the struggle.

VOLUME 91

CAMERON, TEXAS, JULY 13, 1950

NUMBER 13

NEW SECTION 77 HIGHWAY SOUGHT

Another program of improvement for U. S. Highway 77 has been included in the Federal Aid program as set up by the State Highway Commission at Austin, it was announced this week.

Falls County Judge Fred B. Glass, who has been working with the State Highway Department in an effort to get the entire section of U. S. 77 improved through Falls county, stated that the section of the road to be worked in next will probably be from Rosebud to Lott. In other words, the work will begin where the present improvement program is ending—just north of Rosebud.

It was indicated that the improvement program may go even beyond Lott.

Work on the next section of the road won't actually begin until next year, it was pointed out. However, preliminary work, such as surveying and ironing out all details may begin this fall.

In the meantime several pieces of heavy road equipment have already been moved to this area by the Holland age Construction Company, preparatory to the start of work on the section of the highway from Burlington to a point 2½ miles north of Rosebud.

YARRELLTON NEWS

Mr. and Mrs. Claude Sproull and son, Earlwood, visited in the C. E. Russell home Friday afternoon.

R. E. (Dick) Wilkerson of San Antonio spent Friday in the home of his parents, Mr. and Mrs. W. A. Wilkerson.

Cleve McCall has returned home after a vacation and business trip to west and south Texas.

Mrs. Jennie Barrett returned home Tuesday after a visit with Mr. and Mrs. Ed Barrett at Orange where Mrs. Barrett is a patient in the hospital.

Mr. and Mrs. Jesse Wilkerson and son, Kenneth, arrived Saturday for a vacation visit with their parents, Mr. and Mrs. Ance Wilkerson and Mrs. Sam Dobbs.

Mr. and Mrs. Chas Russell and Loma visited in the J. H. Richerson home near Rosebud Sunday evening.

Mr. and Mrs. Ted McDonald of Freeport and Mrs. Minnie Taylor of Oklahoma spent the week end with their parents, Mr. and Mrs. J. McDonald.

Mr. and Mrs. Ance Wilkerson and son, Jesse, left Monday morning for a visit with relatives at Winters.

Mr. and Mrs. Zack Griffin had their daughter, Gladys from California, and Mr. and Mrs. Wesley Griffin and family of Waco as July 4 guests.

Mr. and Mrs. Jim Perkins of Calvert are visiting in the home of her father, Ed McCall and daughters, while Jim is recovering after an eye operation.

Rev. R. L. South was a Sunday guest in the home of Mr. and Mrs. Smith Barrett.

Mrs. Mable Mann has her niece from South Texas as a guest this week.

Ardell Pagel visited Bob Russell Sunday.

Cleve McCall and G. W. Blansett attended Masonic Lodge at Buckholts Monday night.

Mr. and Mrs. Paul Genosa and family of Port Arthur have returned home after a visit in the home of her parents, Mr. and Mrs. Lewis Pagel Sr. Mrs. Pagel is at home recovering after a major operation in Rosebud Hospital a few weeks ago.

Mrs. Fred Cochran is a patient in Rosebud Hospital after undergoing a major operation two weeks ago.

Mrs. Frank Griffin is improving at the home of Mrs. Ella Clark at this time after returning Saturday from Newton Memorial Hospital.

Mrs. Flake Brooks and family have returned to their home in Freeport after a visit with relatives here.

RECONSTRUCTION FROM SPLAWN TO MAYSFIELD

Reconstruction of highway 190 from Splawn to Maysfield is now in progress it was announced here by Judge Dan Tyson.

The highway, originally built on the old base and right-of-way is being rebuilt and the work on the road from Maysfield to Brazos River is finished.

The highway is being rebuilt under the direction of the State Highway Department under direction of engineer Garrett at Bryan. Equipment of the department is being used in this construction work.

The road is being resurfaced and should be completed within a few weeks. A new bridge is needed over the Brazos River at Port Sullivan but there is no plan at this time for such a development. Highway 190 accommodates West Texas traffic and connects with highway 79 at Hearne.

Milam County has yet to secure right-of-way on highway 36 and a portion of highway 77 but the Highway Commission has not as yet made a formal request but rebuilding these highways, but they have been authorized at Austin. Construction on 77 was due to begin in June from Cameron to Burlington. A contract has been let on the highway from Burlington to several miles north of Rosebud.

Mrs. Walter Harris and daughter Verna were July 4 guests in the home of Mr. and Mrs. Vernie Miller at Salem.

KOREAN FIGHTING TO BE ON MAJOR SCALE

Dagha, Thursday, July 6, North Korean armor yesterday broke through South Korean defenses south of Suwon in the Far East war developments continued to go against the defenders.

An American advance element was cut off but there were indications most of its men had been able to pull back to new lines.

Associated Press Correspondent Tom Lambert, at one time feared captured by the North Koreans, got out of the battle zone and reported from Taejeon that 40 Communist-made North Korean tanks overran the American outpost, forcing an American withdrawal and leaving behind an unknown number of wounded. Lambert quoted reliable sources that the Americans had knocked out seven tanks but the rest were continuing the drive southward. Red infantry followed the red tanks.

The Americans suffered casualties in the battle that preceded the breakthrough but Lambert said they were believed moderate.

Lambert also reported that the positions to which the Americans withdrew are now believed threatened by the fast-moving reds.

Lambert said that at one time during the breakthrough fight American artillerymen threw spot their gun sights and fired point blank at the red tanks, sighting down the gun barrels, so close was the fighting. They later immobilized their guns and withdrew when red armor overran the positions.

MacArthur in a communique issued about 1 p. m., (P. M., C. S. T., July 5) termed the situation fluid and said the reds were continuing their "bypassing, probing and envelopment movement" in the Suwon-Cheon area.

The communique also said there had been no American killed in either army, air force or navy operations so far.

The communique listed four ground soldiers wounded in action, four air force men wounded and six missing.

The fight preceding the breakthrough began at 4 a. m. yesterday and the 6th Infantrymen began running low on ammunition at 2 p. m. At that time survivors were ordered to evacuate. Some Americans had to evacuate through a town in which three parked red tanks kept them under fire. Others pulled back through a less hampered route.

Meanwhile at advance American headquarters in South Korea it was officially announced that the situation was a "little better this morning than it was last night (south of Suwon) because American reinforcements are being rushed forward. The movement continued all night long."

The same spokesman said South Korean troops had offered only slight resistance to the reds south of Suwon but had done better in the front near Wonju. Lambert reported that the South Koreans broke and rushed down from the hills, heading south away from the front, during the breakthrough fight.

ANNOUNCING

Mr. and Mrs. E. C. Clemens are the parents of a 4½ pound son born in a Dallas Hospital on July 4. The baby has been named Leiland Carmel, in honor of his grandparents. Mrs. Clemens will be remembered as Miss Harriet Adkinson, daughter of Mrs. Robert Adkinson of Mayfield, who formerly taught music in Ada Henderson Public School.

The Bill Mareks Are at Home From Long Vacation Trip

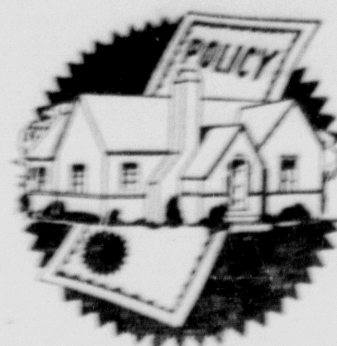

Mr. and Mrs. Bill Marek have returned from an extended vacation trip that took them as far away as Canada.

They left Cameron on June 17 and the first stop of importance was in Washington where they saw the seat of the American Government at first hand. They went to New York and from that city to Quebec in Canada. They recall, after the visit to Quebec, the part played by the early settlers

of that portion of Canada in the success of the Plymouth colony and others in the struggle for American Independence.

They went to Montreal, Cornwall, Hamilton, and to Grand Rapids, Michigan. The tour included a section of the United States that is outstanding for its association with American history.

The weather was good and the highways smooth, and food was delicious. The trip was a successful and happy one throughout the weeks they traveled over a large portion of the United States and Canada.

First of the Fine Cars in Value

This one Telescopes your Timetable

Of course you recognize it.

Who doesn't know that those four Ventiports, that graceful sweep of fender-chrome, mark ROADMASTER—best of all the Buicks, unquestioned "big boy" of the fine-car field?

But have you tried it?

Have you matched this sweet-stepping beauty against the tall hills, and the call of the straight-away?

Ever noted it across town—and seen how Dynaflo's quick surge and smooth take-off slip you through traffic with minimum of

foot-motion and maximum of timesaving?

Ever known the good feel of a light and easy wheel, swinging almost at a finger's touch—the soul-satisfying lift in a big 152-hp Fireball engine just waiting for the release your toe-pressure gives it?

Ever sampled that famous Buick ride—steady, level, unperturbed, soft with the special gentleness of coil springs on all four wheels, sweetly resiliant in both front and rear seats?

There's no reason, really, to wait longer for such satisfying experience.

There's a Buick dealer near you. He delights in showing off ROADMASTER. He'll arrange—unless all his demonstration cars have been snatched away from

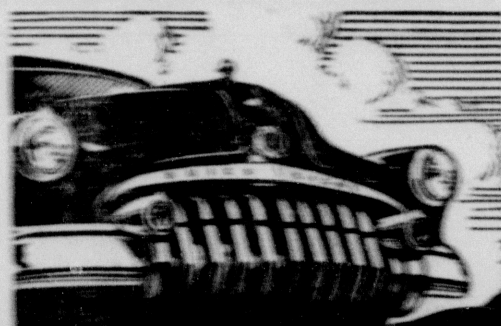

him by eager buyers—to put you behind a ROADMASTER wheel.

Why not see him now—to find out what's finest in today's fine cars, and how little it takes to buy one?

Only BUICK has Dynaflo and with it goes:

- HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New 1-263 engine in SUPER models.)
- NEW PATTERN STYLING with MULTI-GUARD fender-to-top-through fenders, "double bubble" taillights.
- WIDE-ANGLE VISIBILITY, close-up road view both forward and back.
- TRAFFIC-MANDY SIZE, less over-all length for easier parking and garaging, short turning radius.
- EXTRA-WIDE SEATS cradled between the axles.
- SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-modifying torque-tube.
- WIDE ARRAY OF MODELS with body by Fisher.

*Standard on ROADMASTER, optional on other Buick models.

FOUR-WAY PERSPECT

- This rapped front end (1) sets the style note.
- (2) shows an interior—vertical bars are individually replaceable.
- (3) reveals "locking bars."
- (4) shows parking and porting seats.

Milano Talent Show Is Well Attended

Don Bullock won first prize of \$7.50 at the talent show at the Milano High School Friday night, July 7.

Donnie Pruett was awarded \$2.50 for second prize in the show which was sponsored by the Chamber of Commerce in Cameron and was the third of a series of programs in the county.

In the Milano show, seven contestants gave the program, and those who took part, but who did not win a prize were Mr. and Mrs. Kim Woods, Roderick Germany, and A. Lagrone.

The show was attended by about

250, and A. W. McCullin of Cameron was master of ceremonies, and Hinton Pruett, Superintendent of schools at Milano, was chairman.

CARD OF THANKS

We wish to express our thanks to those who were so kind to us in our sorrow at the death of our mother. We want to especially express our thanks to the doctors and nurses of St. Edward Hospital for their kindness and to the one who donated blood in this crisis.

From where I sit ... by Joe Marsh

There it Was—
Right in The Middle!

Easy Roberts mowed his lawn early last Saturday. Then he sat on the porch, and watched Handy Peterson cutting his grass.

The Roberts' property and the Peterson's border each other—with no hedge or fence between them. So, when Easy notices Handy had left about a four-foot strip unmowed along the boundary, he walks over and asks why.

"That's your land," says Handy. "Mine ends here. See, it lines up with that oak tree across the road!" Easy didn't think so, so they went up and down looking for

the surveyor's marker. Where did they find it? Right in the middle of their "no man's land!"

Well, they both grin and take turns finishing the job and then retreat to Easy's for a friendly glass of beer together. From where I sit, a little searching around for the truth of the matter often shows that the other fellow is as much right as you are—at which point the whole thing doesn't seem as important anyway.

Joe Marsh

Copyright, 1950, United States Brewers Foundation

LET'S ALL VOTE FOR
W. R. (BOB) POAGE
FOR CONGRESSMAN
11th TEXAS DISTRICT

An able man doing an excellent job — Your Congressman is an important part of your government— Let's don't lose the influence and seniority that he has established in Washington which is gaining many benefits for his and our District. — Keep the job in capable and experienced hands— Let's make it overwhelming in the first Primary.

A few of the many activities in which he has engaged and supported in CONGRESS that have brought untold benefits to this district and in which each and every one of us have participated in the benefits, either directly or indirectly;

VETERANS FACILITIES:

Established Regional Headquarters at Waco.
Enlarged Waco Hospital to Approximately four times previous size.
Established and constructed Marlin Hospital.
Established Temple Hospital (formerly McCloskey).
More than half of the Veterans Administration Hospital beds in Texas today are in the 11th Congressional District.

MILITARY ACTIVITIES:

"Camp" Hood. Now FORT Hood, in Bell and Coryell Counties— near Killeen, Copperas Cove, Belton and Temple. Probably the largest ground force base in the United States. Now permanent installation.
North Camp Hood, in Coryell County, near Gatesville.— Now headquarters of Texas National Guard Encampment.
Connally Air Force Base in McLennan County near Waco— permanent Air Force Base.
Blackland Air Field— war-time training field at Waco.— Now Municipal Air Field.
Temple Air Field— war-time operating field at Temple— now Municipal Air Field.
Bluebonnet Ordnance Plant at McGregor— war-time munitions plant— now industrial center and site of A. & M. Bluebonnet Experiment Station.
McCloskey Hospital at Temple— the largest of the war-time military Hospitals— now Veterans Administration Hospital.

RURAL TELEPHONES:

Author of Federal Act authorizing R. E. A. to make loans for rural telephones.
First legislation in Congress to suggest this approach.
Program is available in any individual, company or cooperative, to aid in providing or improving rural telephone service.
Possibility of this aid has spurred existing companies to extend and improve rural service.

RURAL ELECTRIFICATION:

Before election, cooperated in establishment of Bartlett Electric Cooperative at Bartlett (first system in operation in the United States).
Member of Sub-Committee which re-wrote R. E. A. Act and reduced interest rate and extended period of loans.

Supported essential funds for loans at time there was much opposition.
Played leading part in establishment of Brazos River Transmission Electric Cooperative, Inc., of Waco, which has secured reduction of wholesale rural power rates of 60% throughout all central Texas.
Instrumental in building "Bob Poage Steam Plant" near Belton and in securing favorable contract with private power company eliminating necessity of many transmission lines.
Helped in securing loans for extension of lines in Cooperatives in every County of District.

SOIL CONSERVATION:

State Headquarters of both State and Federal Work at Temple.
Central Repair Unit at Waco.
Brushy Creek Experiment Station at Riesel.
First Congressional District in Texas to have every acre in Soil Conservation Districts.
Office buildings and repair shop for Hamilton Coryell District at Gatesville.
Author of bill to give surplus dirt-moving equipment to Soil Conservation Districts. (Defeated by city influences.)
Proposed and secured passage of appropriations for purchase of surplus property by Soil Conservation Districts.

FLOOD CONTROL:

Dams—UNDER CONSTRUCTION:

Whitney (on Brazos, benefits Waco, Bosque, McLennan, Falls, and Milam Counties) \$40,000,000.00
Belton (on Leon, benefits Temple, Bell and Milam Counties) \$30,000,000.00

RECOMMENDED BY ENGINEERS:

Waco (on Bosque, benefits McLennan and Falls Counties).
Proctor (on Leon, benefits Coryell and Bell Counties).
Belton (on Lampasas, benefits Bell and Milam Counties).

SOIL CONSERVATION:

Surveys completed and programs recommended. Leon Basin-Coryell and Bell Counties.
Bosque- Basin-Bosque and McLennan Counties.

(Political Advertisement paid for by friends of W. R. Poage.)

The Cameron Herald July 13, 1950 Milam County To Get Another Draft Board

Milam County will get another draft board under the call for 600,000 men for armed services through Selective Service.

Under the peace time draft the county has had one board located in Cameron. The policy of Selective Service has been to establish these boards according to population distribution. In all probability the new board will be located in Rockdale as was the case during the recent World War.

Young men between the ages of 19 and 25 who are single and otherwise eligible will be called up for active service first.

JOHN BATES For Congress.

DRAFT BOARD WILL CALL UP REGISTRANTS

WASHINGTON, July 10.—A call for 20,000 army draftees "at the earliest possible date" went out from the Defense department today.

Maj. Gen. Lewis B. Hershey, director of selective service, told newsmen that 25-year-olds will be called first.

Hershey said it will take about 60 days to start delivering men under the draft. He said his agency could— if necessary—furnish up to 300,000 men within 90 days.

On capitol hill, lawmakers generally said they were not surprised at the army's speedy use of the draft despite an apparently brighter trend in the battle of red-invaded South Korea.

"Now that we are in this thing, we have to have the men to make the operation successful," commented Senator Taft (R-Ohio).

"I had hoped they could be obtained on a volunteer basis, but if they can't the draft will have to be used."

The Defense department said in a statement that the draft call—the first since January 1949—was required to meet the manpower ceiling approved by President Truman last week. The exact figures of the total increase have been kept secret. Military officials are relying heavily on volunteers to reach its goal.

The military high command also announced that Gen. J. Lawton Collins, army chief of staff, and Gen. Hoyt S. Bandenberg, air chief of staff, left tonight for Tokyo to confer with General Douglas MacArthur on the Korean war situation.

Draft Chief Hershey told a news conference shortly before the Defense department's announcement was issued that if the draft call goes as high as 300,000 men, he believes they can be found without dipping into the pool of men under age 22.

Only men aged 19 to 25 inclusive may be drafted under the present selective service act, as authorized by congress. The law says every Ameri-

can male must register on his 18th drafted until he becomes 19.

At the time of the news conference, Hershey said he had no indication when, if, or how big the draft calls would come.

He said that in the event of a large-scale call such as 300,000 men, the bulk of the draftees would probably come from the 23 and 22-year-old age groups.

Mr. E. W. Atkinson and family of El Dorado, Arkansas are visiting in the home of his father, H. L. Atkinson. Mr. Atkinson is treasurer of the oil and refining company of El Dorado.

Burglars Break In Maysfield Merc. Co.

Burglars broke into the Maysfield Mercantile Company on Highway 77 Friday night, it was reported by Sheriff Carl Black.

Mr. Black said the burglars broke locks at the rear of the building and also broke locks inside but so far as known nothing is missing from the building.

The Company sells Kaiser-Frazer cars and farm machinery.

Misses Minnie and Cil Stedman and Mr. and Mrs. H. Erwin are vacationing in Arizona.

INTRODUCING

Kenneth David, 10 pound son born to Mr. and Mrs. J. G. Vaught at Harris Memorial Methodist Hospital in Fort Worth June 28 1950. Mrs. Vaught will be remembered in Cameron as the former Miss Mary Frances Baskin. Grandparents are Mr. and Mrs. C. B. Baskin of Splawn and Mr. and Mrs. J. E. Vaught of Arlington.

Mr. and Mrs. W. H. Brown of Washington, D. C. were guests in the home of Mrs. Brown's mother, Mrs. Jeff Kemp enroute to Florida several days this week. Mrs. Kemp left with them for a vacation in Florida.

Mary Ross and baby returned to their home on Monday from Newton Memorial Hospital. Friends will be glad to know of their improvement.

Alton Fuchs of A & M College visited in Cameron over the week end. He is majoring in Business Administration.

Mr. and Mrs. Sammy Sims were business visitors in San Antonio Wednesday and Thursday of this week.

Friends will be glad to know that Martha Lee Hoyle returned home Tuesday from Newton Memorial Hospital.

Milano Talent Show Program Is Slated For Tonight

Under the auspices of the Chamber of Commerce, the third in a series of talent programs will be conducted Friday night, July 7, at 8:00 in Milano School.

A. W. McCullin of Cameron will serve as master of ceremonies and Hinton Pruett will be chairman of the Milano program.

Francis Cox and his Yoe High School Swing Band will be present to lend musical atmosphere.

All local people with talent are en-

couraged and urged to enter the contest. This is the third in a series of shows, the first being at Maysfield and the second in Buckholts. Interest has been good, and it is hoped that more people will take part in the event.

Mr. and Mrs. Horace Jinks and little daughter of Austin spent the holiday visiting in the home of Mr. Jink's aunt, Mrs. Marzella Jinks in Temple.

Nancy Martin returned Monday from Houston where she visited her aunt and uncle and other relatives.

Seven U. S. Soldiers Executed By Reds In Korean Atrocity

Lt. D. C. Gates of Joinersville, Texas, reported today that he had discovered the bodies of seven executed American soldiers just behind the front lines.

Gates said they were machine gunned through the face just after they surrendered to North Koreans. Their hands were tied behind their backs.

(An official American spokesman at advanced headquarters said four of the bodies were recovered and official pictures taken. He did not explain what may have happened to the other three.)

North Korean troops also were accused of killing wounded Americans and firing at Red Cross ambulances.

The Texas lieutenant said the executions occurred in an area into which the communist troops had infiltrated, then been driven out. Four of the men, Gates said, were ammunition jeep drivers who accidentally ran into a red roadblock. He said he believed the other three were captured mortarmen.

Gates said he saw one driver turn his jeep about and escape. But he said he saw the drivers and ammunition loaders in the clanking jeeps halt, alight and surrender to the North Koreans.

Gates said he drove back over the road at noon and found the bodies of the seven American soldiers lying alongside the road.

The lieutenant, dirty, tired and unshaven, said the jeeps were running ammunition to an advanced outpost where they were trapped.

A few hours later, a spokesman for the South Korean army said the communists had machinegunned 200 townspeople at Onyang and five southwest of Chonan, including all loyalist leaders. He said they were killed by tank crews.

The Cameron Herald July 13, 1950

Friends of Kyle Vick Gather at Waco For Tribute to Candidate For Lieut. Governor

Friends of Kyle Vick, several hundred strong, gathered in Waco last night to honor the Central Texas senator who is a candidate for Lieutenant Governor in the forthcoming Democratic primary.

It was an old fashioned barbecue with all the pickles and mustard, but without political speaking.

"We are just out here tonight to shake hands, but if anyone wants to ask questions, I'll answer them," Vick said.

Preceding the barbecue, Vick was host to a number of newspaper men at the Raleigh Hotel, and was the subject of a press conference at the barbecue.

It was more of an open forum than a press conference, with the newspaper men expressing their views as much as the Senator.

All agreed that the next session of the Legislature will be burdened with a tax problem.

Vick said he was opposed to a general sales tax. He recognized however, that the State of Texas must raise several millions of dollars to meet obligations already committed.

The barbecue was held at the home of Frank Baldwin, under the sponsorship of a committee headed by L. T. Murray.

Cites Tax Problem

"Anyone who is a candidate for any State office, and who does not recognize the fact the State of Texas has a tax problem, and that more revenue must be forthcoming to meet the State's obligation, is not worthy of that office," Vick said.

"I'm not in favor of more taxes," Vick stated, "but such is a necessity." The candidate stated that he was

opposed to a general sales tax, but sees possible relief for the State in a "spot sales tax" which some might interpret as a "luxury tax."

"I'm a free enterprise man myself," Vick said, "and I do not believe in Government in business."

Questioned about the REA program, which has brought power to many individuals, Vick said he believed the REA should eventually repay the Government all moneys used in financing the program. He admitted that it is his opinion many people now being served by private power companies would not have had service had it not been for the push which came from the Rural Electrification program.

Friends will regret to learn that Mrs. Gene Smith has become a patient in Newton Memorial Hospital where she is recovering from illness.

Friends of Mrs. Gene Smith will regret to learn of her illness. She is a patient in Newton Memorial Hospital.

You are invited to see the hundreds of fine fabrics,

J. P. WERNER

Santa Fe, Town, Cameron

To The Citizens of Central Texas

Because of the vastness of this great State of ours and due to the shortness of time allotted to a political campaign, I have not been able to spend as much of my time in Central Texas as I would have desired during my race for Lieutenant Governor.

It was my feeling that I should spend most of my campaigning time in other portions of the State where I am not as well known and where I had fewer friends working in my behalf.

On my short visits to Central Texas, many have told me to spend my time in the far reaches of the State rather than here where I have so many loyal friends.

I sincerely feel at this time that I shall be in the run-off in this election, and I feel just as certain and sincere that my host of Central Texas friends placed me in that position. If you know of some friend who has not made up his mind how to vote in this race, ask him to vote for your friend, Senator Kyle Vick of Waco.

I believe each of you will realize that it will be to the great benefit of Central Texas to elect a Central Texan to this most important state office.

I shall attempt to see as many of you in person as I possibly can during the remainder of the campaign, but if I should miss you, please be assured that I regret it much more than you do.

Again thanking you for your wonderful support and assuring you it will never be forgotten, I am,

Sincerely,

SENATOR KYLE VICK

Waco, Texas

(POL. ADV. PAID FOR BY WOODY BARRON AND OTHER FRIENDS OF KYLE VICK)

**Farm Bureau Queen
Contest Will Be Held
Thursday July 20.**

Milam County Farm Bureau queen contest will be held in the Simon-George Memorial Hall Thursday, July 20, at 8:00 P. M.

Those entering the contest so far are Misses Christine Winkler, Ad Hall; Evelyn Jistel, Route 1, Cameron; Marilyn Duesser, Route 1, Cameron; Bytha Ann Baker, Marlow; LaVerne Krull, Route 3, Cameron; Joan Hanel, Route; Rita Hanel, Route; Kathryn Hauk, Clarkson.

Each girl entering the contest will be given a nice gift and the queen will be given \$20 in cash. Crown bearer will be Miss Nan Reno, and the judges will be from McClellan, Lee, and Williamson counties. Farm Bureau will entertain the judges and their families with a supper in Milam Coffee Shop before the contest.

The queen contest will be followed with ice cream and a community party with the Blue Bonnet Boys of Temple furnishing the music.

After the contest, voting members of the farm bureau will meet to elect delegates to the Farm Bureau

**MRS. NANCY ARMSTRONG
RITES HERE MONDAY**

Funeral Services for Mrs. Nancy E. Armstrong, 72, were held at 4:00 P. M. Monday, July 10, at the Chapel of Green's Funeral Home in Cameron. Rev. M. W. Putnam of Luling assisted by Rev. W. J. Minick, pastor of the North Central Church of Christ conducted the services and the Green Funeral Home directed arrangements with interment in Oak Hill Cemetery.

Mrs. Armstrong, who had been ill for a long period of time, died at the home of her daughter, Mrs. Edwin Wildgrube, in Cameron at 12:00 P. M. on Sunday, July 9.

Mrs. Armstrong was a native of

Tennessee. She moved to Texas at the age of thirteen and settled near Cameron with her parents. In later years she married M. B. Armstrong, and they reared a large family of children in this community. Her husband died about 4 years ago.

She is survived by three sons, Andy, Cecil, and Preston Armstrong of Cameron; four daughters, Mrs. O. L. Barker of Austin, Mrs. Chas. McCurry of Merced, California, Mrs. Edwin Wildgrube of Cameron, Mrs. Henry Kuhn of Rosebud; one brother, J. B. Blacett of Stanford; three sisters, Mrs. Josie Kirk of Hearne, Mrs. Emma Baker of Austin, and Mrs. Nellie Wooley of Shallowater, Texas.

Your road machinery in Use on private property in
Commissioner Precinct 3.

**TO THE VOTERS OF COUNTY
COMMISSIONERS' PRECINCT NO. 3**

I earnestly solicit your vote in the Primary to be held July 22nd.

The position of County Commissioner is one of the most important offices to be filled at this election. Your Commissioner is not only the overseer of the County Roads but is one of the Directors of your entire County government, which, in a financial way, is the largest business in Milam County. In addition to qualifications as a road supervisor, a County Commissioner should have extensive training in the management of business and finances.

I have had business training in the operation of my properties as well as an employee in an executive capacity for several large concerns. I have had experience in the purchasing, operation and maintenance of heavy construction and maintenance equipment of

all types and I pledge to you that when elected I will apply my training to the operation of the County business as well as to the construction and maintenance of County roads.

I do not subscribe to the principal of government in competition with private industry. Also, I do not approve and will vote against the expenditure of County money or the use of County machinery for private individual gain. I pledge to you when elected that our County road equipment will not be used in competition with private industry and that all of our County money will be expended on County property and County roads. As evidence that this has been done in the past I am submitting these pictures of the machinery in action on private property.

Your vote and support will be appreciated.

DRAFT ACT INVOKED FOR WAR IN KOREA

WASHINGTON, July 7.— President Truman today authorized the armed forces to start drafting men 19 through 25 for a possible 21 months military service to provide reinforcements for Americans fighting in Korea.

Present plans are to call up for immediate service 600,000 men with army draftees inducted for a period of three years.

Defense Secretary Louis Johnson, who issued the order setting the draft in motion, said young men registered under the newly-extended peacetime draft law, will be used to bring the army, navy and air force to their full authorized strength.

At first at least, only single men without dependents will be called. Most, if not all, will go to the army.

Johnson did not say how many men will be added to the armed services. But present legal limits laid down by congress indicated the figures would be somewhere between 48,200 and 547,885, including volunteers who will continue to be accepted.

Sen. Styles Bridges, R., N. H., said after a White House meeting that Mr. Truman wanted to keep the exact figure secret from the Russians.

An army spokesman said as far as he knew, no decision has been made, to call the national guard into federal service.

But officials said renewal of the draft— which has not been used since January, 1949— will force the armed services to call up some reserve officers to train the selectees.

Shortly after the draft order was issued, the senate appropriations committee voted \$14,680,366,821 in new military spending, only \$82,283,179 less than Mr. Truman requested for the army, navy and air force for the fiscal year that began July 1.

One member said the military funds went through with a "whoosh" as soon as members learned of the draft call. It also includes \$957,970,000 for atomic weapons and research.

There are two things that govern the size of the armed forces. One is the absolute manpower ceiling authorized by congress. The other is the amount of money congress actually gives them.

The absolute ceiling is 2,005,885

men. But congress only appropriated enough funds for 1,506,000. If congress wanted to provide the cash the armed force could add 547,885 men—the difference between the present strength and the absolute ceiling.

H D Council In Session Here Plans Encampment July 25

The Home Demonstration Council met this week at the annex of First Baptist Church where it was announced the annual encampment of Home Demonstration clubs will be held at the Coffield Ranch July 25 and 26.

This was the Council's first meeting with the new county agent, Mrs. Bertie Alford. Also present were Miss Margaret Bracher, district agent.

The clubs reported on their activities during the time the county was without an agent, such as working in ceramics, flower shows, textile printing, basket weaving, and other worthwhile projects.

Mrs. Robert Curry of the Bethlehem club was elected Texas Home Demonstration Association chairman.

Delegates elected to state convention in August were Mrs. Roland Fisher, Gay Hill; Mrs. Elmo Beuerschlag, Conoley; and Mrs. Hugh Wimberly, Hoyt. Mrs. W. F. Alexander of Forest Grove was elected alternate and Miss Ptezke of Jones Prairie second alternate.

Mrs. George Yeung was appointed reporter to fill the unexpired term of Mrs. Muston, who resigned to attend summer school.

Refreshments of punch and cookies were served.

The Cameron Herald July 13, 1950

Mr. and Mrs. John Henry Hazelwood and two children of Houston visited his uncle, John Jinks here the past week end.

812 N. WASHINGTON

Miss Jacquelyn Boehm And Adolph W. Pick Married At Buckholts

Miss Jacquelyn Boehm, daughter of Mr. and Mrs. L. N. Ezzell and Adolph W. Pick, son of Mrs. A. J. Pick of Rogers were married at 8:00 P. M. Sunday, June 11.

Rev. John Striepe, pastor, performed the ceremony at Hope Lutheran Church in Buckholts.

Baskets of white carnations, commodore palms and tall tapers in candelabras decorated the church. Arrangements of white carnations were on the organ and altar. White carnations and palms marked the family pews.

Mrs. John Striepe played the recessional music and accompanied Miss Mildred Abel of Buckholts who sang, "Because" and, "I Love You Truly."

Given in marriage by her step-father the bride wore a gown of white slipper satin with chantilly lace over satin front skirt. The skirt was very full with a rippling cascade. The bodice had a low round neckline with yoke of lace and her cape sleeves were met with long lace mittens. Her fingertip veil of illusion fell from a heart shaped tiara decorated with orange blossoms. She carried a bouquet of white carnations, Lilly of The Valley, English Ivy and centered with a white orchid. For something old she wore a circular gold pin with rubies and rhinestones belonging to her maternal grandmother of Taylor and for something

The Cameron Herald

July 13, 1950

borrowed she wore ear screws encircled with rhinestones from Mrs. Hans Garlish of Lake Jackson. For something new her wedding gown and a blue bow in her bridal bouquet.

The bride was attended by Mrs. C. L. Nauman of Temple, sister of the groom. Bridesmaids were Misses Dorothy Heckman of Taylor and Joyce Weichert of Austin.

The Matron of Honor dress was lilac with full skirted net over taffeta, and off shouldered effect. She carried a colonial bouquet of yellow gladioli.

The Bridesmaids dresses were Nile green net over Taffeta identical to the Matron of Honor's with mittens. They wore rolled yellow gladioli in their hair and carried colonial bouquet of yellow gladiolas.

Mrs. Ezzell, mother of the bride wore a navy sheer with white accessories and a white Gladioli corsage. The groom's mother wore a navy crepe with navy accessories and white Gladioli corsage.

Joan Garlish of Lake Jackson was flower girl. She wore a lilac taffeta dress and a yellow Gladioli corsage in her hair. She carried a basket, covered with lilac taffeta of Gladioli petals.

Marvin Fuchs of Dallas and Kennard Lange of Buckholts attended the groom as groomsmen.

Ushers were Albert Lange, Jr. of Buckholts and O. J. Wagenfuer of Temple.

Others in the wedding party were Miss Doris Nell Jungman and Miss Pauline Sakewitz both of Cameron. They wore yellow organdy off the shoulder formals. Their wristlets were made of pale green carnations.

Johnnie McClaren of Cameron was Ring Bearer. He carried a heart shaped white satin lace covered pillow with a miniature bride and groom in the center.

Following the wedding a reception was held at the home of the bride's parents, Miss Mildred Abel presided at the guest book and registered 160 guests. A centerpiece of white carnations in crystal candelabras was placed on the imported Irish Linen covered table. A lovely three tiered wedding cake topped with a miniature bride and groom was placed at one end of the table. Mesdames Edwin Fischer, W. A. Persky, A. A. Pick, and Olin Pick served the cake with frosted lime punch.

For her going away dress the bride chose a White dress with navy accessories and a white orchid.

After a wedding trip to Corpus Christi, Galveston and Louisiana, the couple will make their home at Rogers.

DAUGHTER TO THE PRYOR'S

Mr. and Mrs. Paul J. Pryor are the happy parents of a baby daughter born 12:30 a. m. Saturday, July 8, 1950. The baby weighed seven pounds. Mrs. Pryor is a niece of Mary and Lois Randolph of Cameron.

Lieut. and Mrs. C. D. McCall are visiting in Cameron. Lieut. McCall of the Navy Air Force is stationed at Norfolk, Virginia.

DAUGHTER TO THE LaFERES

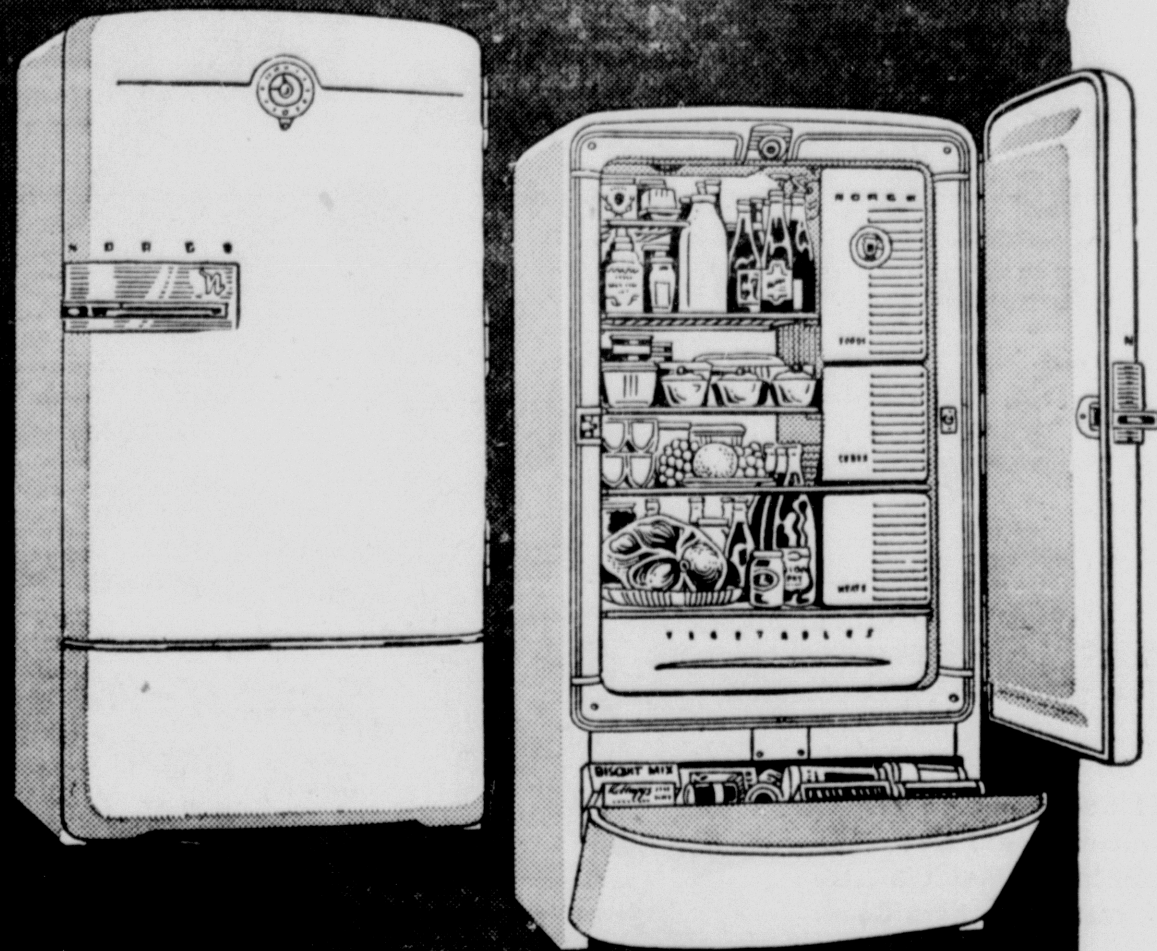

Mr. and Mrs. L. Lafere of Route 1, Buckholts are the happy parents of a daughter born Friday, July 8, 1950 at St. Edward Hospital. The baby weighed seven pounds, nine ounces and has been named, Janet Lynn.

Mr. and Mrs. Billy Allison and children were recent visitors in the home of Mrs. Allison's parents, Mr. and Mrs. Frank Michalka.

Mr. and Mrs. Edwin Laywell of Dallas were guest of Mr. and Mrs. Bill Burns the past Sunday. They also visited Mr. and Mrs. Frank Angell here.

Mrs. E. P. Werner entertained with a supper on the lawn of her home in honor of her sisters, Mary and Lois Randolph who left Saturday for a vacation visit in St. Louis, Missouri. A few friends were present to enjoy the supper.
